MEMORANDUM FOR U.S. Army Corps of Engineers, Louisville District (CELRL-RE),  
P.O. Box 59, Louisville, KY 40201-0059

SUBJECT: Approval of Third Site Survey Report Base Realignment and Closure Army  
Reserve Construction Project, Middletown, CT

1. Reference memorandum, 99<sup>th</sup> Regional Support Command, ARRC-SNJ-DPW, 6 October 2008, subject: Third Site Survey Report (SSR), Middletown, CT, (enclosed).
2. The purpose of this memorandum is to request the Corps of Engineer acquire Right-of-Entries to three Sites in Middletown, CT, site # D, Smith Street, Cucia Park, Middletown, CT; site # B, Middle Street, Bysiewicz Industrial Subdivision, Middletown, CT; and site # A, Boardman/Dooley-Kenneth Dooley Drive, Middletown, CT. Final decision on which site to acquire will be held in abeyance pending completion of the Environmental and Engineering Feasibility Studies. Once a decision is made on the site to be acquired a Real Estate Planning Report (REPR) must be completed for this acquisition.
3. The fourth (4<sup>th</sup>) site identified in the SSR as site # C, 499 Mile Lane, Middletown, CT, is removed from further consideration. The Mile Lane Reserve property was considered a possible alternative after the change in project scope due to CTARNG's decision to remain at Putnam, however upon further review the site is no longer considered a viable alternative. Since the BRAC recommendation requires relocation of the reserve units and closure of the reserve facility the Army does not have a legal basis under BRAC rule to retain this property for the same functional reserve mission. Consequently, the Mile Lane site will not be included in the NEPA analysis or future site selection consideration.
4. This action has been coordinated with DAIM-ODB and that office concurs with this request. My Project Officer is Major Sean McDonald, DAIM-ODR, 703-602-3940, email: [sean.p.mcdonald@hqda.army.mil](mailto:sean.p.mcdonald@hqda.army.mil) and for Real Estate it is Maria Chuck, DAIM-ODR, 703-602-3765, email: [maria.chuck@hqda.army.mil](mailto:maria.chuck@hqda.army.mil).
